8. (Secret - GLC) [REDACTED] called to say that the State Department had been in touch with him in connection with a request made by the Education Subcommittee of the Senate Committee on Labor and Public Welfare for information concerning [REDACTED]

[REDACTED] said that the point of contact in State was Mr. DeHaven. State is interested in knowing whether we want to provide this information to the Subcommittee through the Department or whether we prefer to deal directly with the Subcommittee staff. I told [REDACTED] I would like to look at the transcript of the hearings to get a better idea of precisely what information is involved. We are to be back in touch with [REDACTED] on Monday.
